Fact Sheet

2021 BY THE NUMBERS

Strengthening children, families, individuals, and communities to be safe, healthy, and thriving through comprehensive social services.

ABOUT INTERFACE

Interface is Ventura County's largest comprehensive nonprofit social services agency, providing programs & services to address the complex physical and emotional needs of tens of thousands of clients every year. Our programs utilize 30+ evidence-based practices to support children, teens, adults, and families who are struggling with domestic violence, human trafficking, homelessness, incarceration, child abuse, mental health concerns and trauma-related challenges. Through our prevention and intervention programs, Interface equips children and adults to identify, intervene, and disrupt harmful behaviors and prevent them from happening in the future. And hundreds of thousands of callers across 38 counties (nearly 1/3 of California!) are connected to the resources and assistance they need during times of crisis through Interface's 211 Call Center, the leader in service delivery statewide.

A Community Resource

In 2021, Interface, along with other members of Ventura County's Human Trafficking Task Force, trained **727** physicians, hospitality workers, and community members to identify signs of human trafficking.
