About Interface

At Interface we believe that everyone should have the opportunity to be safe, stay healthy, and thrive. Our prevention and intervention programs equip children, teens, and adults to identify, intervene, and disrupt harmful behaviors and prevent them from happening in the future. Each year, hundreds of thousands of callers across 38 counties (nearly 1/3 of all Californians!) are connected to the resources and assistance they need during times of crisis through Interface's 211 Call Center, the leader in service delivery statewide.
