

JOIN US FOR AN EVENING OF

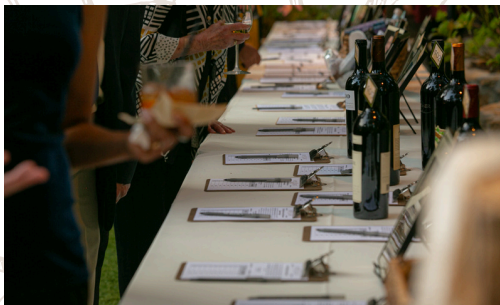

HOPE & LIGHT

IN SUPPORT OF INTERFACE CHILDREN & FAMILY SERVICES

Interface Children & Family Services' 13th Annual Hope & Light Community Benefit will be held on Saturday, October 3rd, 2026, at the splendid outdoor setting of The Lodge at Malibou Lake. Based on the success of previous years' events, we look forward to hosting nearly 250 philanthropic leaders from the local community. Hope & Light is a magical evening that celebrates community impact while offering the ultimate guest experience. You and your guests will enjoy live music, a silent auction, and cocktail hour followed by fine dining, a live auction, and entertainment.

Last year's event raised nearly \$450,000 to help youth and families in crisis, allowing Interface to:

- Protect mothers and children who are fleeing violence in their own homes by providing safe shelter, ongoing treatment, and advocacy.
- Stop abuse before it happens — children were empowered to defend themselves from violence and abuse through Interface's innovative school-based education programs.
- Restore hope and provide healing to many more child abuse victims through intensive trauma therapy.

GOALS OF HOPE & LIGHT COMMUNITY BENEFIT

For more than 50 years, Interface has addressed serious issues that threaten to overwhelm families. As the largest, most comprehensive social services agency in our community, Interface intervenes when crisis occurs and prevents problems from occurring in the first place.

Proceeds from Hope & Light make possible vital services including 24-hour response to calls for help and lifesaving shelter and advocacy for homeless youth, victims of trafficking, and women and children escaping domestic violence.

Your sponsorship ensures trauma counseling for abused children and other services that require expertise only Interface can provide. Each year, you make it possible for Interface to be a critical safety net for thousands of individuals who would otherwise have nowhere else to turn.

The event committee's goal is to showcase Interface's unique work supported by our region's top philanthropists, corporate, and community leaders. We welcome you to join us in what matters most: safety at home, healthy families, and thriving children.
